Power
- Battery Type: AA
- Number of batteries: 3
- Operating time on battery: 10 hour(s)
- Removable/replaceable

Dimensions and weight
- Product dimensions (WxDxH): 24 x 7.5 x 28.5 mm

Logistic data
- EAN F-box

Highlights

Pre-recorded animated sounds
Each button triggers a friendly sound, inviting your baby to reach for buttons and develop its hand-eye coordination.

Record your own voice
Give your baby the pleasure and reassurance of hearing your voice or enjoying a familiar bedtime story as he or she falls gently asleep.

Records and replays your baby's voice
Your baby's voice activates the Magic Mirror and a few seconds later it is played back. Allowing babies to hear their own voice while they see their face encourages them to experiment with sound and speech.

Unbreakable mirror
Even when thrown on the ground or slammed against a wall, there's no danger of this mirror ever breaking because it's made flexible plastic.

Complies with toy standard
The products that comply with the toy standard have been thoroughly tested to ensure they meet these norms and are totally safe.
